SOCIETY

Society will be out in large numbers this evening at the first big formal party in two months, the dancing party to be given by eleven young bachelors of this city. They have made elaborate preparations for the event and it promises to be one of the season's notable successes. Quite a number of out of town guests will be present at the function.

Mrs. Katherine Eppinger and Mrs. Thomas Vaughan, former well known Pendleton ladies, arrived last evening to be present at the dancing party in the Eagle-Woodman hall this evening. Mrs. Eppinger is a guest of Mrs. John Vaughan and Mrs. Vaughan is at the home of her mother, Mrs. E. L. Smith. Mrs. Ida Hunsicker, another former Pendleton lady, arrived this morning from Portland and will be the guest of Mrs. George A. Hartman, Jr.

Mrs. Frank Frazier was hostess yesterday afternoon to the North Side Bridge club, this being the first meeting for six weeks, the club having suspended its activities during the Lenten season. Honors were taken by Mrs. Will Moore, Mrs. Jean Moore of Golden, Colorado, and Mrs. Frank Korte of Spokane were out of town guests.

The Thursday Afternoon Club will be entertained tomorrow afternoon by Mrs. Adolph L. Schaefer at the home of her mother, Mrs. Lee Moorhouse, on Water street.

Cards are out announcing a bridge party at 103 Jackson street on Wednesday afternoon, April twenty-second with Mrs. J. Newton Burgess and Mrs. Charles Greulich as hostesses.

Mrs. Robert N. Stanfield has returned from Portland where she had been to receive surgical treatment. She is much improved.

Miss Helen Johns, who is spending her freshman year at the University of Oregon, is home for the Easter holidays.

Mrs. Will Moore has as her house guest Mrs. Frank Korte of Spokane, Washington.

Home Hints and Recipes

Hooks and Eyes.

To sew on patent fasteners or hooks and eyes, first sew the smallest part of the fastener (or eyes, if hooks and eyes are used) on the garment all the way down, then pin the top and bottom of the garment together and press the back of the fasteners with an iron, says Modern Practical. This will leave dents on the other side, thus showing the correct place for the other half of the fasteners.

House Jackets.

House jackets, semi-fitted, are charming when made of pretty figured cretonne and trimmed with frills of lace at the neck, down the front and at the wrists. Another effective garment of this sort is cut on kimono lines, like the mandarin coats. For these, there is nothing prettier or more fitting, says the Newark News, than the toweling which comes in fascinating designs in blue and white.

Prune's Flavor Is Preserved.

To preserve their rich, fruity flavor, do not boil prunes. Soak them over night in cold water to cover them, then take them out and boil the water in which they were soaked for 15 minutes, adding sugar. Put in the prunes and let them merely simmer for half an hour. Some cooks simply pour boiling hot water over them and let them stand on the back of the stove a few hours. A new flavor can be given by adding a few slices of lemon. Another method is to cook them with a bag of spices.—Dallas News.

The Care of Children

All children should invariably be allowed to awaken their own accord in the morning after the night's sleep.

Don't put your baby to sleep on its back. This may be dangerous owing to the likelihood of an unexpected attack of vomiting and the possibility of getting the vomited material into the windpipe.

Don't pick baby up everytime he cries and never walk the floor with him. He doesn't need these attentions to induce him to keep quiet if he is properly cared for.

After the age of one month, children derive much benefit and health from sleeping out-of-doors in the daytime and this should be encouraged when the weather permits. In the summer, baby in his carriage should be placed in a shady spot, while in winter he may be put on your side porch.

Apartment-house mothers should have no excuse for keeping baby indoors, as he can be placed in a clothes-basket and put out on the fire escape, the basket being securely fastened to the fire escape and straps being placed across the basket to prevent baby from falling out.

The sudden awakening of children with violent screaming and signs of fright are known as "night terrors," and are generally caused by some disturbance of digestion in children of a highly irritable nervous system. These children should be kept from any and all excitement, plenty of out-of-door exercise allowed and no study at

school. Follow the rules as to regularity of diet and rest and then should the condition of sleeplessness continue place the child under a physician's care.

HEIRESS TO MILLIONS WEDS SON OF MASSEUR

NEW YORK, April 14.—The marriage of Nils Florman to Miss Olga Kohler, heiress to more than a million dollars, came as a distinct surprise to society folk here. The wedding was solemnized very quietly at St. Patrick's Cathedral and had not been preceded by a formal announcement. Florman, who is a handsome young Swede, was engaged to marry Miss Helen Stallo. The announcement was made in June, 1911, and at the time it was stated that Florman was closely connected by blood ties with the royalty of Sweden. In October, 1911, the engagement was broken, and about the same time it was revealed that Florman's father was a masseur and that not a single drop of blue blood coursed through his veins.

Oil Price Is Cut Again. INDEPENDENCE, Kan., April 15.—Another cut of 5 cents in the price of crude oil in the Kansas-Oklahoma fields, the third within a week, was announced making the present quotation 30 cents a barrel.

MILLIONS LOST IN BRITISH LABOR STRIKES

LONDON, April 15.—Eighty-seven million dollars in wages have been lost by the workmen of the United Kingdom in the past ten years on account of stoppages due to industrial disputes of all kinds, according to statistics prepared from the government board of trade returns, supplemented by details furnished by union leaders in the principal trades. But

against this figure is placed at net gain in wages as the result of such disputes of \$13,600,000. Also, it is estimated that the laboring classes as a whole have secured advances in wages in the same period aggregating \$75,000,000 but the greater proportion of these have been obtained through the medium of working agreements and conciliation. Fifty per cent of the strikes of the past ten years have been won by the employers, 25 per cent by the workers, and the other 25 per cent compromised.

The Secret of Success

Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who are in need of it.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by parcels post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Pendleton Daily East Oregonian.
